HEALTH, SAFETY, ENVIRONMENT & QUALITY (HSEQ) POLICY STATEMENT

Gas Malaysia Berhad and its group of companies' ("GMB Group") are committed to conducting its business activities in a responsible manner, which assures the health and safety of its employees, business partners, and the public as well as ensuring the preservation of the environment. Every reasonable and practicable step will be taken to prevent and eliminate the risk of occupational injury and health illness to personnel, damage to the environment whilst enhancing the quality of services.

GMB Group shall implement this policy through the HSEQ Management Systems which are designed to meet the following objectives:

- To comply with relevant legal and HSEQ requirements;
- To provide work system, technologies, tools and procedures that comply with codes, standards and customers' requirements;
- To assign clear HSEQ roles and responsibilities to all level of employees;
- To identify, analyse and manage risks arising from our activities;
- To maintain a constant vigilance and readiness to prevent, respond and manage emergencies effectively;
- To continually monitor and improve our HSEQ Management Systems performances through an ongoing review of its objectives, targets and programmes by implementing proper corrective and preventive actions; and
- To provide relevant consultation and participation to employees.

It is the responsibility of every employee to exercise discipline and commitment towards achieving the objectives of this policy. Compliance to the policy is crucial for our business success in achieving our vision to be an innovative value-added energy solutions provider.

**"HEALTH, SAFETY, ENVIRONMENT & QUALITY
ARE SHARED RESPONSIBILITY OF ALL"**
