A Member of  **MMC Group**

GAS MALAYSIA LAUNCHES A MOTORCYCLE REFUELLING CAMPAIGN TO ASSIST THE NEEDY

SHAH ALAM, SELANGOR, 27 August 2021 - With a commitment to aid the needy, Gas Malaysia Berhad (“Gas Malaysia”), a member of MMC Group, conducted a corporate social responsibility (CSR) initiative by taking up the petrol refill cost for motorcyclists riding motorcycles below 170cc. This CSR initiative was held in an effort to aid the lower income group amidst the adverse impact of the Covid-19 pandemic. Themed “*Kempen Tuang Minyak - Anda Isi, Kami Bayar*”, the CSR initiative was held simultaneously in areas where Gas Malaysia conducts its business operations.

Commenting on the CSR initiative, the Group Chief Executive Officer of Gas Malaysia, En. Ahmad Hashimi Abdul Manap said, “The CSR programme is intended to ease the burden of the B40 group by subsidising petrol refill cost. This is a timely gesture since the pandemic has had a far-reaching effect on people’s livelihoods, precisely the lower income group. We sincerely hope that with this contribution to a certain extent it will help elevate the difficulties faced by the B40 group, especially in the wake of the current pandemic.”

This campaign was held at selected petrol stations throughout Peninsular Malaysia, such as Ayer Keroh (Melaka), Pasir Gudang (Johor), Gebeng (Pahang), Manjung (Perak) and Senawang (Negeri Sembilan). Similar campaign will be held in the near future at selected petrol stations in Kuala Lumpur, Putrajaya, Shah Alam and Perai respectively. The CSR programme was conducted by adhering to all the safety protocols in view of the ongoing pandemic. In total, about 750 to 1,000 motorcyclists benefited from this CSR initiative.

With the upcoming 64th *Merdeka* celebrations just around the corner, each motorcyclists were given *Jalur Gemilang* in an effort to fire up their spirit of patriotism.

“Previously, Gas Malaysia has conducted similar initiatives targeted at the B40 group, such as donating household groceries to about 200 needy recipients living in Kota Kemuning and Petaling Jaya, contributing medical equipment to 3 hospitals to aid frontliners in treating Covid-19 patients as well as helping about 500 local hawkers and traders in Pantai Dalam by donating household groceries. Moving forward, we will extend our CSR programmes to a wider pool of beneficiaries, given our role as an innovative and value-added premier energy solutions provider,” he concluded.

About Gas Malaysia Berhad

Gas Malaysia Berhad, a member of MMC Corporation Berhad, was established on 16 May 1992 to sell, market and distribute natural gas as well as to construct, operate and maintain the Natural Gas Distribution System (“NGDS”) within Peninsular Malaysia. Gas Malaysia is licensed under the Gas Supply Act, 1993 (“GSA”) by the Suruhanjaya Tenaga (“ST”), with the approval of the Minister, to supply and sell reticulated natural gas in Peninsular Malaysia. On 15 December 2000, Gas Malaysia was granted the licence to supply and sell reticulated Liquefied Petroleum Gas (“LPG”). This licence further expands Gas Malaysia’s business in the supply of reticulated LPG to commercial and residential sectors within Peninsular Malaysia. Gas Malaysia currently operates and maintains about 2,600 kilometres of Natural Gas Distribution System network across Peninsular Malaysia, supplying natural gas and LPG to over 900 industrial customers, about 2,000 commercial customers and over 24,000 residential customers.

In line with our target of delivering sustainable value creation, we prepared ourselves to transition to a new business landscape with the implementation of the Third-Party Access (“TPA”) system introduced by the government to liberalise the natural gas market. Gas Malaysia Berhad divided its operations into two distinct entities: the distribution arm (Gas Malaysia Distribution Sdn Bhd) and the shipment arm (Gas Malaysia Energy and Services Sdn Bhd), with the former being responsible for the gas distribution business and the latter for the retailing part of the gas business.
