MMC Group member, Gas Malaysia Bhd, has donated basic necessities to 250 underprivileged families from the Kg Baru Hicom People's Housing Programme (PPR) in Shah Alam, Selangor.

The items included rice, glutinous rice, sugar, wheat flour and spices to reduce their burden on spending for the Hari Raya Aidilfitri preparations.

This annual initiative was organised through the MMC Prihatin programme which aims to provide assistance to the local community.

According to Gas Malaysia Bhd group CEO Ahmad Hashimi Abdul Manap, the Kg Baru Hicom PPR was chosen in view of the location, as well as the number of potential recipients of the contributions.

"Normally we rotate the locations to ensure that we give contributions to all surrounding communities," he told *The Malaysian Reserve (TMR)*.

He added that Gas Malaysia will continue with their yearly programmes for the communities as well as to support the environment.
