## Notice of Contractor Pre-Qualification for The Engineering Procurement Construction and Commissioning for Combined Heat and Power for Gas Malaysia Energy Advance Sdn Bhd

Gas Malaysia Energy Advance Sdn Bhd ("GMEA"), a joint venture company of Gas Malaysia Berhad, is inviting experienced and qualified local contractors to participate in a Pre-Qualification Exercise for the proposed Engineering, Procurement, Construction and Commissioning ("EPCC") for Combined Heat and Power ("CHP") project.

The CHP project will be implemented through an EPCC contract. GMEA intends to conduct a Pre-Qualification exercise to assess and shortlist competent EPCC contractors for the Gas Turbine and Gas Engine categories for the CHP project. The shortlisted contractors will be eligible for participation in tenders for future CHP projects under GMEA for a period of three (3) years.

The objective of this pre-qualification is to identify contractors with the necessary technical capabilities, financial standing, and relevant experience to be shortlisted for participation in the subsequent tender exercise for this project.

Interested parties may also view the full advertisement and pre-qualification requirements on Gas Malaysia's official website at [www.gasmalaysia.com](http://www.gasmalaysia.com).
